Section 2 NEW LAW

AADB DENTAL AND DENTAL HYGIENE COMPACT

This compact shall be known as the AMERICAN ASSOCIATION OF DENTAL BOARDS (AADB) Compact and the purpose of the compact is to expedite licensure and increase access to dental health care through licensure boards acting in cooperation. The compact adopts the existing structures most utilized by Dental Boards across the United States, while ensuring the safety of the public through the sharing of documents and information. This compact ensures that each state retains the right to impose an adverse action on a licensee as a home state or as a practicing state. Each state has an opportunity to share investigations and information with the home state of licensure. The Dental Board compact is operated by state dental board members, administrators and other staff, thus allowing for each state to maintain its sovereignty.

The AADB Compact:

(a) Allows for expedited licensure portability and ease of movement between states;
(b) Allows each state to continue to regulate the practice of dentistry and dental hygiene within their borders and maintain its sovereignty by allowing actions against a compact license privilege or a licensee and maintaining its existing licensure structure while allowing for compact licensure privileges;
(c) Creates a common goal of protecting the public by ensuring a uniform licensure standard and sharing of information in the compact;
(d) Allows for licensure in every participating state by passing a uniform licensure examination, that tests psychomotor and cognitive dental skills exam that is currently accepted in fifty-state (50) licensing jurisdictions and United States territories;
(e) Gives licensees one (1) location to maintain professional documentation to expedite compact license privileges in states, hospitals or institutional credentialing;
(f) Facilitates a faster licensure process for relocation or separation of military members and their dependent spouses; there are no compact fees for military members or their spouses;
(g) Alleviates a duplicative process for licensure among multiple states;
